

Senior Civil Technician

Senior Technician – Rail Department

Immediate

Location: Hull / York / Rotherham / Belfast

Salary: Negotiable, depending upon experience

Company Profile

GGP Consult are a world-class Consulting Engineers, providing Civil and Structural Engineering and Architectural Design services across the UK and internationally.

With a rapidly expanding workload, we have an exciting opportunity for an experienced and highly motivated Senior Civil Technician to join our Rail and Civils team.

Job Summary

We are looking for an experienced Senior Technician to support the design and delivery of a range of rail and Lineside Civils projects. A strong Rail background is preferable but not essential.

The successful candidate will have a strong technical background and experience producing detailed civil engineering drawings and models. You will work closely with Engineers and other members of the project team to develop practical design solutions and ensure drawings and technical information are produced accurately and to the required standards.

Key Duties and Responsibilities

Some of the key duties will include:

- Producing detailed civil engineering drawings and 3D models for rail and civil infrastructure projects.
- Producing and developing drawings and models using MicroStation.
- Working closely with Engineers to develop engineering design solutions to meet client and project requirements.
- Producing drawings from engineering designs, sketches, survey information and technical specifications.
- Preparing and coordinating drawing packages throughout different stages of a project.
- Undertaking amendments and revisions to drawings and models as projects develop.
- Reviewing and checking drawings and technical information to ensure accuracy and compliance with relevant standards.
- Supporting the delivery of Lineside Civils and rail infrastructure projects.
- Undertaking site surveys and site visits as required by individual projects.
- Assisting with the production of project assurance and technical documentation.
- Liaising with Engineers, clients and other members of multidisciplinary project teams.
- Attending project, design and site meetings where required.
- Ensuring drawings and models comply with relevant client, industry and company standards.
- Managing drawing revisions and maintaining appropriate document control.
- Identifying drawing and design coordination issues and working with Engineers to resolve them.
- Supporting and providing technical guidance to junior Technicians and other members of the team.
- Working to agreed project programmes, deadlines and quality requirements.

- Supporting the continued development and improvement of technical standards within the team.

Skills and Experience

The successful candidate should ideally have:

- Previous experience working as a Civil Engineering Technician or Senior Civil Technician.
- Experience working within the Rail industry.
- A good understanding of Lineside Civils and rail infrastructure projects.
- Strong experience producing detailed civil engineering drawings and models.
- Experience using MicroStation.
- A good understanding of civil engineering design principles and construction methods.
- Experience working with engineering drawings, specifications and technical information.
- Experience producing and coordinating drawing packages.
- An understanding of rail project assurance and documentation requirements.
- The ability to work effectively with Engineers and multidisciplinary design teams.
- Strong attention to detail and a commitment to producing high-quality technical work.
- Good communication and organisational skills.
- The ability to manage workload and work to project deadlines.
- Experience supporting or mentoring junior Technicians would be advantageous.
- An HNC/HND or equivalent qualification in Civil Engineering or a related discipline would be desirable.

Career Opportunity

This is an excellent opportunity for an experienced Civil Technician with a Rail background to take on a senior technical role within a growing consultancy.

The successful candidate will have the opportunity to work on a varied portfolio of Rail and Civil engineering projects, while supporting the development of junior members of the team and contributing to the continued growth of GGP Consult.

GGP Consult provides a working environment that encourages contribution, creativity and continued professional development.

GGP Staff Benefits

Annual Leave

Staff receive 20 days annual leave per annum plus bank holidays rising by 1 per year up to 26 days per annum. Staff will be required to take 3 days annual leave between Christmas and New Year.

Employee Assistance Service

GGP understand the importance of their employee's wellbeing and are committed to provide any advice and help when needed. We have on site Mental Health First aiders and Responders who are always happy to just listen and provide any advice. GGP also offers for all staff having access to BUPA Healthy Minds which provides all kinds of support on all subjects such as legal, emotional, financial, health, work-related issues and many more.

Bike to Work Scheme

GGP are registered with the bike2work scheme which you can join to make considerable savings on the cost of a new bike and/or equipment. As part of the Governments Transport plan, we offer for our staff to save up to 42% on the cost of bicycles and equipment.

Healthy you

We have an incentive scheme where employees attending a gym at least once a week will be reimbursed £5 per week (max £20 per month) on proof of attendance.

Pension schemes

We have in place the Salary Sacrifice Scheme, you have the opportunity to exchange some of your taxable salary for a specific benefit in the form of pension that can be provided to you free of tax or National Insurance contributions, or both. Thus, although your taxable salary is reduced, you are provided with a benefit of an equivalent value which has the advantage of not being subject to tax. If the employee contributes 5%, the company will then contribute 3%, after 5 years of employment this will increase to 5%.

Salary Sacrifice is only available to certain staff members at Gabbitas Gill Partnership Ltd. If you are not eligible, your pension contributions will be processed through the Pension Scheme by standard life, where employees contribute 5% and the company contributes 3% and this will be taxable.

Death in Service

GGP operates a Death in Service Insurance policy whereupon should any permanent employee pass away whilst in employment with the company, a sum equal to 4 x annual salary shall be paid to the person(s) nominated by the employee.
