Senior Structural Engineer

Start: Immediate

Location: Hull

Salary: Competitive, Negotiable Depending on Experience

Company Profile

GGP Consult are a world-class Consulting Engineers, based in Hull, providing Civil and Structural Engineering design services to the rail, oil, gas, petrochemical, power, industrial, and infrastructure sectors throughout the UK and across more than 50 countries worldwide.

Due to continued growth and an expanding workload, we have an exciting opportunity for a talented and highly motivated Senior Structural Engineer to join our team.

Job Summary

We are seeking an experienced and ambitious **Senior Structural Engineer** to play a key role in the delivery of a diverse range of projects. Reporting directly to the Directors, the successful candidate will be responsible for leading structural design activities, mentoring junior engineers, managing project delivery, and maintaining strong client relationships.

Key Responsibilities

- Lead the structural design and analysis of projects across a variety of sectors.
- Produce and review engineering calculations, specifications, technical reports, and detailed design drawings.
- Ensure designs comply with relevant UK Standards, Eurocodes, client requirements, and industry best practices.
- Undertake independent checking and approval of calculations and design work completed by other engineers.
- Manage project deliverables, programmes, and resources.
- Provide technical leadership and mentorship to graduate and junior engineers.
- Liaise directly with clients, contractors, and other stakeholders to ensure successful project delivery.
- Attend site visits, surveys, inspections, and meetings as required.
- Support business development activities and contribute to the continued growth of the company.

Candidate Requirements

The successful candidate will have:

- A Degree (BEng/MEng) in Structural Engineering.
- A minimum of 7 years' post-graduate structural design experience.
- Chartered Engineer status (CEng) or be working towards chartership.
- Proven experience delivering structural engineering projects within industrial, infrastructure, energy, Residential, Education, Healthcare, or related sectors.
- Strong knowledge of UK design standards, Eurocodes, and relevant industry regulations.
- Experience using structural analysis and design software.
- Excellent communication skills, both written and verbal, with the ability to build strong client relationships.
- The ability to work independently and as part of a multidisciplinary team.
- A proactive approach with strong problem-solving and leadership capabilities.

What We Offer

- Competitive salary package.
- Career progression opportunities within a growing and successful consultancy.
- Exposure to a wide range of challenging and prestigious projects in the UK and internationally.
- Ongoing professional development and support towards chartership where applicable.

GGP Staff Benefits

Annual Leave

Staff receive 20 days annual leave per annum plus bank holidays rising by 1 per year up to 26 days per annum. Staff will be required to take 3 days annual leave between Christmas and New Year.

Employee Assistance Service

GGP understand the importance of their employee's wellbeing and are committed to provide any advice and help when needed. We have on site Mental Health First aiders and Responders who are always happy to just listen and provide any advice. GGP also offers for all staff having access to BUPA Healthy Minds which provides all kinds of support on all subjects such as legal, emotional, financial, health, work-related issues and many more.

Bike to Work Scheme

GGP are registered with the bike2work scheme which you can join to make considerable savings on the cost of a new bike and/or equipment. As part of the Governments Transport plan, we offer for our staff to save up to 42% on the cost of bicycles and equipment.

Healthy you

We have an incentive scheme where employees attending a gym at least once a week will be reimbursed £5 per week (max £20 per month) on proof of attendance.

Pension schemes

We have in place the Salary Sacrifice Scheme, you have the opportunity to exchange some of your taxable salary for a specific benefit in the form of pension that can be provided to you free of tax or National Insurance contributions, or both. Thus, although your taxable salary is reduced, you are provided with a benefit of an equivalent value which has the advantage of not being subject to tax. If the employee contributes 5%, the company will then contribute 3%, after 5 years of employment this will increase to 5%.
Salary Sacrifice is only available to certain staff members at Gabbitas Gill Partnership Ltd. If you are not eligible, your pension contributions will be processed through the Pension Scheme by standard life, where employees contribute 5% and the company contributes 3% and this will be taxable.

Death in Service

GGP operates a Death in Service Insurance policy whereupon should any permanent employee pass away whilst in employment with the company, a sum equal to 4 x annual salary shall be paid to the person(s) nominated by the employee.
