Applications to sarahspaven@ggpconsult.co.uk

GRADUATE CIVIL / STRUCTURAL ENGINEER

Start: Immediate
Location: Hull/York/Rotherham
Salary: Negotiable, Depending upon experience

Company profile:

GGP Consult are a world class Consulting Engineers, based in Hull, providing Civil and Structural Engineering designs to the rail, oil, gas, petrochemical, power and industrial sectors in the UK and over 50 countries.

With a rapidly expanding workload, we have an exciting opportunity for talented and highly motivated Engineer.

Job Summary

We are looking for a Permanent Graduate Civil / Structural Engineer with preferably 2 years' postgraduate experience, to start immediately. The candidate will be accountable to the Directors to undertake calculations, design work and design management as required for projects.

Some of the key duties will be:

- Production of Engineering design and detail in accordance with project requirements.
- Preparation of calculations, written reports and checking of contract drawings.
- Checking of calculations done by other Engineers.
- Client liaison.
- Site visits as required by projects.

The candidate must have a Degree or HND in Civil or Structural Engineering. They must have at least 1 year design experience in a wide range on structural. They must also have excellent communication skills in IT, verbal and written forms (in English).

The candidate will also be familiar with UK standards or equivalent Euro Codes and have the ability to work in a multi-disciplinary team.
