

# Education

GGP Consult have extensive experience in the Education sector having been involved in the construction of many new schools in Kingston Upon Hull and the East Riding of Yorkshire.

Hull Esteem Consortium were commissioned by Hull City Council to improve the education facilities within the Hull area as part of the 'Building Schools for the Future' project. This was the largest education regeneration programme the city had ever seen.

GGP Consult were appointed through a framework as the Civil & Structural Design Engineers on a number of these schools including Endike Primary School, Newland School for Girls, Frederick Holmes School, Aspire Academy and Kingswood Parks Primary School.

Galliford Try were assigned the Hull and East Yorkshire 'Priority Schools Building Programme' worth £37.5M. This prestigious contract included Hessle High School and Sixth Form College worth £18.6M and new buildings for Eastfield, Francis Askew, Wold and Ainthorpe.

GGP Consult were engaged as the Civil & Structural Design Engineers for all of the above projects.

GGP were proud to assist in changing the future of education within our county.

## Architectural Services

- Feasibility/Concept Design
- BIM – Building Information Modelling
- Revit 3D Detailing
- 3D Visualisations and Walkthroughs
- Interior Design
- Planning Applications
- Building Regulations Applications
- Detailed Design
- Tender Packages
- Site Supervision
- Budget Costings
- Design and Build Support
- Sustainability

## Engineering Services

- Civil Engineering
  - All Civil Design
