

HULL INTEGRATED CARE CENTRE, HULL

CLIENT – Citycare
CONTRACTOR – TBC
CONTRACT VALUE – £10 Million
PROJECT DATE – 2016 – 2017

Following the success of the Citycare health centres in the North and West of Hull GGP were commissioned to design the proposed Hull Integrated Care Centre on the former David Lister School site in East hull.

Hull City Council agreed to gift the land, worth £786,000 to Hull Clinical Commissioning Group as part of the Better Care Plan initiative.

The centre will provide specialist and outpatient clinics, social care centres, rehabilitation and physiotherapy.

Not only will the ICC provide a greater standard of care for the local community, it will also alleviate some of the pressure currently placed on the Hull Royal Infirmary in the city centre.

The steel frame, masonry clad structure is due to be complete early 2017.
