

Retail

GGP Consult have worked on a wide range of architectural projects within the Retail sector ranging from new build and refurbishments of convenience stores to car showrooms, for a number of clients including Sainsbury's, Sewell Retail, Tesco and Seat.

GGP were employed in a design and build contract to develop a design for extending and refurbishing an existing car showroom into a new Seat showroom. The showroom area was extended, service and repair facilities refurbished and the building rebranded to Seat standards both internally and externally.

GGP were appointed in a design and build contract to take planning drawings to detail design stage for the extension and refurbishment of an existing Jacksons store into a Sainsbury's Local in Leicester. The store was extensively extended to the rear and refurbished to Sainsbury's standards internally and externally.

GGP were engaged by John Sisk & Sons in a design and build contract to develop planning drawings to detailed design stage for a purpose built 4 storey 800m² retail unit in Sligo, Ireland. The unit houses a restaurant, wine bar and cookery school split over 3 levels with a basement delivery and storage area.

Architectural Services

- Feasibility / Concept Design
- BIM – Building Information Modelling
- Revit 3D Detailing
- 3D Visualisations and Walkthroughs
- Interior Design
- Planning Applications
- Building Regulations Applications
- Detailed Design
- Tender Packages
- Site Supervision
- Landscape Design
- Budget Costings
- Design and Build Support
- Sustainability
- Space Planning

Engineering Services

- Civil Engineering
 - All Civil Design
 - Flood Risk Assessments
 - Site Investigations
 - Drainage
 - Highway Design
- Structural Engineering
 - All Structural Design
 - Structural Assessments
 - Seismic Design
 - Fabrication Detailing – Tekla
- Rail Engineering
- Marine Engineering
- 3D Laser Scanning Surveys
- Topographical Surveys
- CDM Co-ordination
- Expert Witness
- Reverse Engineering
