

NUSTAR TERMINALS, GREYS, ESSEX

CLIENT – Nustar Energy
CONTRACTOR – Britcon (UK) LTD
CONTRACT VALUE – £1.5M
PROJECT DATE – 2015

GGP Consult was commissioned by Nustar Energy to design and project manage phases 2A & 2B bund wall installation for the purpose of secondary containment at the tank farm in Essex.

The scope of work included:

- Site Surveys & Geotechnical Investigation
- Design a scheme for providing secondary and tertiary hazardous liquid containment to new EA/HSE Specifications
- Liaising with EA/HSE to approve the proposed scheme
- Civil and Structural design of all bund walls, roadways, drainage, stairs and access ramps
- Reinforcement detailing and schedules for all bund walls/civils work
- Technical assistance during construction

The project was completed in 2015.

GGP were also involved in the first phase of works which was completed in 2011.
